2

How to Qualify?

LADWP customers may qualify if they meet the following eligibility requirements:

- Live in a single-family residence within a Disadvantaged Community (DAC) as defined by DWR ([DAC Mapping Tool](#))
- Have between 500 and 3,000 square feet of live green grass in the front yard
- Have rain gutters on the front of house or the side that leads to the front
- Are the Property Owner or have permission from the Property Owner
- Agree to the LEAP Terms and Conditions

3

3

Free Services

Free services may include the following:

- Turf removal in their front yard
- Installation of CA Friendly landscaping **or** high-efficiency sprinklers
- Installation of a stormwater capture feature
- Conversion to drip irrigation
- Installation of a weather-based irrigation controller (if applicable)
- Installation of a smart water use monitoring device (if applicable)

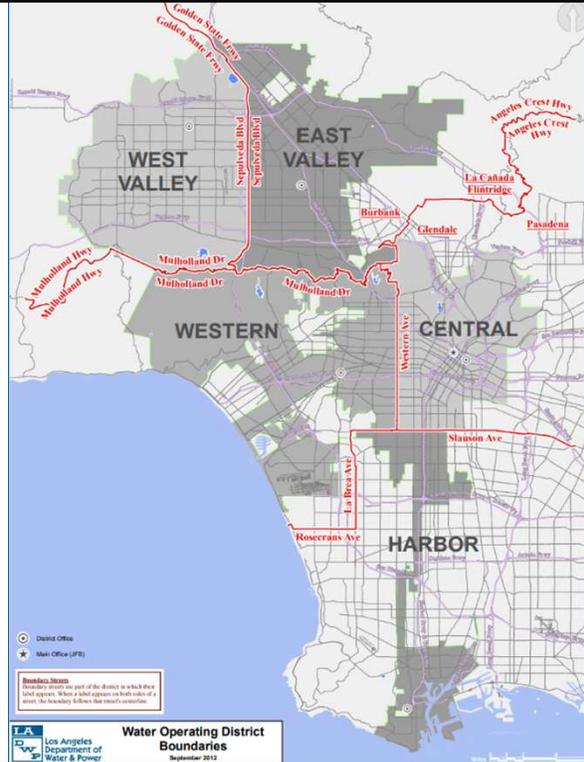

4

4

LADWP Water Districts

- Eligible customers can choose between 5 design templates depending on their Water District
- Contractors will also be assigned depending on the Water District
- Determine your Water District by using the boundaries on the map linked on www.ladwp.com/LEAP

5

LEAP Design Template

The image shows four sheets of design templates for LEAP, arranged in a 2x2 grid. Each sheet includes a site plan for an 'AVENUE' project, a technical drawing, and various design resources. The top-left sheet features a 'SYMBOL LEGEND', 'SITE AREA SUMMARY', and 'SHEET INDEX'. The top-right sheet includes a 'MATERIALS' table with columns for material, color, and quantity. The bottom-left sheet displays a 'PLANT AND GROUNDCOVER' palette with images of various plants and trees, along with 'SITE MATERIALS' and 'INSPIRATION' images. The bottom-right sheet contains 'NOTES', 'VALVE IDENTIFICATION', and 'ATTENTION' sections. All sheets feature the LADWP logo and a 'DIGIALERT' warning icon.
